9- ***Head of Department of Chemistry /College of Science/ University of Kufa from September2011-till now .***

Research Interests: _____

1. Synthesis of organic compounds and use their as organic agent for the determination of ion metals .

2. Separation of organic compounds and drugs by using Gas Chromatography and High Performance liquid Chromatography.
3. Adsorption of different pollution dyes by using different economic adsorbents..
4. Determination of different drugs and pharmaceuticals via oxidation of coupling reaction .

Supervision:

- 1- 13 students of Master degree.
- 2- 2 students of Ph.D degree.

Published articles:

- More than 55 articles and one patent.

Conferences:

- Ten International and fifteen local .
